O R D E R

On February 5, 1990, Glenview, Inc. filed its application for Commission approval of a proposed increase in its rates for sewer service. The proposed rates would generate additional annual revenues of approximately \$4,680, an increase of 42.9 percent above test-year revenues.

The Commission by Order dated March 7, 1990 granted limited intervention to Jackie A. Sutherland and Diana Soard, two customers on the Glenview system.

By letter dated March 26, 1990, all parties of record were advised to file comments on the Staff Report or written requests for a hearing no later than April 10, 1990 or the case would stand submitted to the Commission for a decision.

By letters dated April 3 and April 10, 1990, Diana Soard and Jackie A. Sutherland, respectively, requested a public hearing be held on the proposed rate increase. Subsequently, the Intervenorrs filed written requests for an informal conference, which requests the Commission granted by Order dated April 27, 1990.

Commission Staff conducted a field review of Glenview's test period financial records in March, 1990. Based upon its review, Commission Staff issued its report on March 26, 1990 recommending that Glenview be allowed to generate additional annual revenues of \$3,619.

Pursuant to agreement reached at the informal conference on May 3, 1990 by all parties, a Settlement Agreement, attached hereto and incorporated herein as Appendix A, was executed and filed into the record of this proceeding. The Settlement Agreement provides that Glenview requires a revenue increase of \$3,619 and with a customer base of 70, Glenview's monthly rate for service should be \$17.30.

The Commission, having reviewed the Settlement Agreement, the evidence of record, and being otherwise sufficiently advised, finds that:

1. The Settlement Agreement strikes a reasonable compromise between the positions advocated by the parties and Commission Staff and is supported by substantial evidence in the record.
2. The revenue requirements and rates provided for in the Settlement Agreement are in conformity with generally accepted rate-making principles.
3. The terms of the Settlement Agreement result in the rates set forth in Appendix B which are the fair, just, and reasonable rates for Glenview and should be approved for service rendered on and after the date of this Order.

IT IS THEREFORE ORDERED that:

1. The terms and conditions set forth in the Settlement Agreement and all terms and conditions set forth therein are adopted and approved.

2. The rates in Appendix B are approved for service rendered by Glenview on and after the date of this Order.

3. Within 30 days of the date of this Order Glenview shall file its revised tariff setting forth the rates approved in Appendix B.
